5 2 Determining Final Agenda

Because of the delay on the meeting "LL infnriot" and "Deloitte training" have been moved to past activities

3 Announcements

10 **Maiko Cheng:** No subscriptions via YER website anymore. 2 may lunch lecture from them. **Noa Bliet** why moved? **Maiko Cheng:** Because of problems with the discussion on the subscription. Yer cooperation not necessarily dead. but might become just lunch lectures.

1155 euros because of YER invoice on the ACTivity.

5 Backlog of minutes

Minutes: 236, 237 and 238

20 **Action point N+241.1** for **Lora Šimić, Noa Bliet & Celine de Jong** on Next meeting : look into these minutes and put them into latex

6 Action points

25 **Maiko Cheng** Did look into the LinkedIn. It is hard but it might be an option. students more active on instagram anyways so it might not be that nice (**Robin van Dijke** needs to look into it) **Lora Šimić** C4 clothing it is possible. Basic GEWIS logo on front and C4 on the back. will buy for the committee and be handed down in the committee itself. Board washes them and keeps them at GEWIS

Action point N+241.2 for **Lora Šimić** on Next meeting : poll for sizes of C4 shirts

Maiko Cheng Clipboards have been got +1 euro from lora

7 Mail

30 No mail

8 Updates

+1 euro from Robin for not being present

8.1 EB

35 **Maiko Cheng** is doing more digital stuff (more webprofiles) + ING will be joining the company dinner

Carreer day: Sioux and Mathworks would like to do it next year aswell.

8.2 Company

May 2th lunch lecture from YER (exciting)

8.3 Working groups

40 8.3.1 Company dinner

All companies have been contacted, make the overview and open the activity as soon as possible. Master students get priority so they should be notified about this. Subscription should be vegetarian and non vegetarian apart from just subscription list. We will make the name-tags.

45 **Maiko Cheng** is happy because we have found all the companies for it

8.3.2 Symposium

50 **Stijn Schroijsen**: Mathworks would like to do booth and show Mathworks stuff. so this is great **Lora Šimić** has a meeting with EngD-group they have a small business case. for the second part there will just have a small competition for software development and a stand.

Keep it up to 150 people. otherwise we will run into problems because of "klein evenement" but just borrel and normal things

9 Past Events

9.1 Lunch lecture UiPath

55 Short, they did not go into details just discussed app development. Not an interesting lecture. No one had questions. **Lora Šimić**: Let them use all of their time. Because it was short. **Robin van Dijke** did the closing talk and was very quiet.

9.2 Career Day

Will discuss Next meeting

60 9.3 LL Inifniot

Maiko Cheng forgot scanners the rest went well

Koen van den Berk forgot what they said. **Maiko Cheng** thought it was interesting. it

was presented well, one of the better lunch lectures. a lot of questions and they were happy about it :).

65 9.4 Deloitte training

9 no shows :(

They are added to the list. 3 people blacklisted now. **Lora Šimić** suggest a harder black list where you just get lowered in priority **Maiko Cheng**: company was not that mad about it, the participants were masters and they asked a lot of questions to Deloitte.

70 The space should be booked correctly!

Lora Šimić: "It was excell sheets" she does not know if it was that useful for masters. **Maiko Cheng** "for me it was data analytics" he can look into something for different expertises. someone from Deloitte almost choked on mango (everything is fine)

10 Upcoming Events

75 11 Discussion points

11.1 Wiki Working Moment

Currently just 2 wiki pages (adding company to PP, and how to do a lunch lecture) **Lora Šimić** Thinks it is nice to have a working moment and put some info about career day and company dinner and other such activities

80 **Action point N+241.3 for Lora Šimić** on Next meeting : Plan the working moment to add stuff to the page

Make the board pay for drinks because we are very efficient and nice to them for editing the wiki.

11.2 Company visit Jetbrains

85 **Maiko Cheng**: they canceled the career day last moment. they now want to do a company visit on their own costs can we do it on a Saturday? **Maiko Cheng**: They don't have people available in the weekend. In June or September we can do this company visit. It is a half day company visit. **Maiko Cheng** "Is it feasible in June?" **Maiko Cheng** will talk to Lucas what day would be nice and Jetbrains about what is available for them **Maiko Cheng**: "Lucas problem"

11.3 Symposium working moment

Organise something and fix companies

12 A.O.B.

12.1 CM

95 **Maiko Cheng** was not at CM We are probably going to do the same thing as with **Stijn Schroijsen** and **Martijn van Dijk** regarding new members. Since this year is a new structure in C4.

100 **Jelte de Kock** we had an acquisition training. **Maiko Cheng**: yes the candi dapri will be prikked and they will be invited to the training moment (end of May start of June) It will be **Maiko Cheng's** first aquisition training. Kasco was mad because last year didn't happen.

Maiko Cheng is doing his job with getting contracts however, not hitting the 80k target sadly.

105 **Noa Bliet**: Activities planned for next year but contracted last year. what do we do with this. **Maiko Cheng** did defer it to next year and not put it in his contracted amount. **Noa Bliet** says this might be the money we are missing for the target. **Maiko Cheng** says the goal was a bit too high taking into consideration the BAPC. there was also budgeted for 25 web-profiles but we sold 13

Lora Šimić Expect 2k for social media posts about events

110 Companies want to do more in person things so this might be the reason for low web-profile contracting

12.2 Sponsoring Intro

The goodiebag problem (there will be no goodiebags anymore so this is some sponsoring promo lost.)

115 Logo on t-shirt is more important and contact with students

find timeslots for companies to be with students.

Sponsor for a bouncy castle? No sadly.

Things might be iffy regarding companies during the intro week because of CIC.

13 Final Inquiry

120 **Noa Bliet**: "Does kim want to join C4?"

Maiko Cheng has not yet invited her for the interview but says she is still interested. **Lora Šimić** says she was with the ll and thought it was nice to help out.

14 Closure

Maiko Cheng closes the N+241st meeting at 13:30.
