

Minutes of the N+240th meeting of C4

March 13, 2024

- Present** Maiko Cheng (chair), Jelte de Kock (minute taker), Celine de Jong, Stijn Schroijsen, Martijn van Dijk, Noa Bliet, Lora Šimić & Koen van den Berk
- Absent** Daan Verkade
- Apologies** Jealy van den Aker, Susan van Ewijk, Jasper Gregoire, René Tielen & Bartjan Henkemans
- Guests** Robin van Dijke & Kim van Alphen

1 Opening

Maiko Cheng opens the N+240th meeting at 12:45 and chairs the meeting.

5 2 Determining Final Agenda

We have some guests, Kim and Robin are here. **Lora Šimić** also wants to add careerday under upcoming events.

3 Announcements

Maiko Cheng bought glasses which look similar to those of **Noa Bliet**

10 4 Minutes N+239th meeting

The minutes are not yet uploaded on the LaTeX so we will approve them later.

5 Backlog of minutes

We have to approve a lot of previous minutes.

15 **Decision N+240.1:** The minutes of the 233rd meeting are approved thanks to the minute-taker

Decision N+240.2: The minutes of the 234th meeting are approved thanks to the minute-taker

Decision N+240.3: The minutes of the 235th meeting are approved thanks to the minute-taker

20 6 Action points

There were no actionpoints.

7 Mail

Daan Verkade is not here. We got some cancellation mails, and about the coffee dates and CM. **Maiko Cheng** has a meeting with Lucas next week.

25 8 Updates

8.1 EB

Maiko Cheng has already contracted a lot of companies, and will be contracting two more companies for the company dinner. Webprofiles are still a bit of a problem, a lot of companies do not want to do the webprofile again as they do not get a lot out of it.

30 **Maiko Cheng** asked the companies how we can improve on this, they say that this way does not really work for them, but social media works better. We could look at putting things on our LinkedIn.

Action point N+240.1 for Maiko Cheng on Next meeting: Look into the feasibility of LinkedIn for vacancies.

35 8.2 Company

No update from Kubus, Ordina has returned to **Maiko Cheng** as Ferit has left C4. For Sioux everything is in place for the company visit. But mathematics students are not yet very hyped, the computer science students are subscribed to Sioux however.

8.3 Working groups

40 For the symposium there is no update yet. Once we have a few more companies we can start promoting. If we do not get enough sponsors, we can get a grant possibly. The main problem companies are having is that it is on a Saturday, as they cannot find people to be there. The only option for this would be to arrange a lecture free day before hand, which would be very hard and we would have to go to an external location.

45

Company dinner: Riskquest from Amsterdam are joining, ING is looking for one more colleague to join. Then we have 5 companies joining from both mathematics and computer science. Right now we have wolfpack, ING, Anago, BOL.com, and riskquest who are joining the company dinner. The company dinner is the 24th of April, so everyone should

50

Careerday: Everything was fixed, until yesterday. Jetbrains wants to cancel because they couldn't get their office ready. **Maiko Cheng** hammered on them to find a place in their office or do it on campus. **Maiko Cheng** is looking to arrange something with them, if nothing can be arranged they still have to pay. **René Tielen** will talk to sioux about the

55

, **Bartjan Henkemans** and **Lora Šimić** will do the lunchlecture next week.

60

Action point N+240.2 for Maiko Cheng & Lora Šimić on Next meeting: Discuss the C4 clothing with Ruben

9 Past Events

9.1 Company visit MS

Maiko Cheng will have an evaluation with MS on Friday, the visit went very well. The company also really liked it. It was all really nice. There were a lot of first and second
65 years, which was not really the goal. Next time we might get a field such that master students can get priority.

9.2 Lunch Lecture Roseman Labs

It went quite well, there were enough people to help. We actually started at 12:40. There were 2 lecturers. The first guy was very nervous, the second was more interesting, there
70 were a lot of questions in the end, also with enough room to come up to the lectures afterwards. **Lora Šimić** send an email to the no-shows, there were 11 of them which was quite a lot.

Action point N+240.3 for **Maiko Cheng** on Next meeting: Make sure the clipboards and the clicker are on the rolco

75 10 Upcoming Events

10.1 Lunch lecture UiPath

Dennis will be there. They were very flexible with the lunch lecture, as anago cancelled their lunch lecture.

11 Discussion points

80 11.1 YER update

Rink send an email about the subscription list being an external subscription list. **Maiko Cheng** talked to YER, they will see if they can do something else than the external link, if this is not the case, we will not work with them anymore. In general the consensus is that we should not do it.

85 ASML wants to sponsor the symposium, but they do not want a stand. They just want Michiel to walk around. For this they want something cheaper. They should just buy a stand and what they do with is their own decision.

12 A.O.B.

90 Are Robin and Kim ever gonna become a member? **Maiko Cheng** will work Robin in with C4, he will also do the same talk with all members with **Robin van Dijke** as **Maiko Cheng** did with **Celine de Jong** last year (about your vision towards C4). It is best if Robin becomes a member right now, as his availability is very bad coming weeks.

Decision N+240.1: Robin van Dijke is installed as a member of C4

95 13 Final Inquiry

Lora Šimić will send a datumprikker for the internal activity.

Action point N+240.4 for **Lora Šimić** on Next meeting: Send datumprikker for internal activity

Maiko Cheng is not on the C4 picture as he was getting our shots <3.

- 100 **Robin van Dijke** does have a final inquiry, he asks what euros are. Ow btw, **René Tielen**, **Daan Verkade** and **Bartjan Henkemans** are getting a euro. Robin will set up a splitter and add the first euros, such that we can keep track of them better.

14 Closure

Maiko Cheng closes the N+240th meeting at 13:34.

105 A List of actionpoints

No.	Deadline	Name	Action
N+240.1	Next meeting	Maiko Cheng	Look into the feasibility of LinkedIn for vacancies.
